### MAYSVILLE SUNDAY SCHOOLS

To Engage in Contest With Somerset On November 4, It Being the First International "Go-to-Sunday-School" Day.

Mr. C. Frank Nash, president of the Maysville Sunday School Association, yesterday received the following letter from Mr. William B. Gragg, president of the Pulaski County Sunday School Association, and also president of the State Sunday School Association:

Somerset, Ky., October 6, 1917.

Mr. C. Frank Nash,  
President of Maysville S. S. Association, Maysville, Ky.

Dear Sir and Brother:

As president of the Pulaski County Sunday School Association, I have been instructed by our Executive Committee to challenge the city of Maysville for a friendly contest with the city of Somerset for the largest attendance upon the Sunday Schools of the two cities in the first International "Go-to-Sunday-School" Day, which will be observed on the fourth day of November, 1917.

Kindly let me have your reply at your earliest convenience.

Very truly,

W. B. GRAGG, President.

Pulaski County Sunday School Association.

The challenge has been accepted and Mr. Nash immediately wrote Mr. Gragg, as follows:

Maysville, Ky., October 9, 1917.

Mr. W. B. Gragg,

Somerset, Ky.

My Dear Brother:

It is with pleasure that the Maysville Sunday School Association accepts the challenge for a friendly attendance contest on the fourth of November of this year, between the Maysville and Somerset Sunday Schools. Since you dubbed us so unmercifully in May, we realize that it is up to us to do some tall hustling between now and November 4, but we hope that our people will be somewhat inspired by the State Convention and will make us winners. Everything is going along nicely for the convention and we are in hopes of having a splendid time.

Yours very truly,

C. FRANK NASH, President.

Maysville Sunday School Association.

### RAPID PROGRESS

Being Made By Various Committees in Preparation For Corn and Tobacco Fair—Sale of Booths to Begin Today.

The Corn and Tobacco Fair is progressing very satisfactorily and all the committees are working hard. The Committee on need's work, pantry and poultry exhibits as well as the committee to arrange for agricultural and tobacco premiums have made their final returns. The Esberger Band has been secured by the Committee in charge. The Governor has been secured for Friday afternoon November 23. Committees will soon be selected for the proposed baby show and floral exhibitions. The Amusement Committee is working hard to engage some better attractions than last year.

Professors Caplinger, Turnipseed and Berry are making plans for a Children's Day that will be long remembered by the Mason County citizens.

The committee on subscriptions while their work is not complete have received very satisfactory assistance by our local men. Mr. W. W. Ball, Jr., and Mr. D. E. Foe will begin their work of visiting the business men giving them the opportunity of subscribing for booths.

### MAYOR LEE A CANDIDATE FOR POLICE JUDGE

The announcement of Hon. J. Wesley Lee, present mayor of the city, as a candidate for police judge at the November election, appears in another column of the Ledger this morning.

Mayor Lee claims that his experience as head of the city fits him in an unusual way for the office to which he aspires. He says that if elected to the bench of the city court he will be fair and impartial in all of his observance of the laws of the city at all times, upholding through the city court the ordinances of the city council.

Mayor Lee has been in public life for many years, and during that time has learned much about the laws of the commonwealth, while having presided over council for several years he thoroughly understands the purposes of the several city ordinances under which so many arrests are being made.

The mayor says he is making his race solely on his past record as a city official, and asks the support of the voters in November if they believe he has made good in the other offices of trust held by him in the city.

The regular monthly business and social meeting of the Epworth League of the Third Street M. E. Church will be held at the church next Friday evening.

## CAMP MORALS

The general in command of one of the army cantonments was annoyed by the sale of liquor to "his boys" in the adjoining city. Unable to get satisfactory action from the municipal authorities, he announced that unless this practice was stopped he would place the city under martial law and shut up the saloons. Whereupon the saloonkeepers and the city administration sat up and took notice, and reformed accordingly.

The commander wasn't bluffing. He had the necessary power under war department regulations, and was prepared to exert it. He has stopped the selling of drinks to his troops, and has also eliminated gambling and other forms of vice.

It's a sample of what is being done in all the army camps to protect the young men quartered there. These camps are clean, hygienically and morally. Their environment is clean, too, at least within a five-mile radius. In most cases the cleansing power of the government goes farther than that. It's a great satisfaction to the folks at home to know that their soldier boys, far from being exposed to the tradition all evils of barrack life, are safer from temptation than they were in their own towns.

## VARIOUS KINDS OF "FOG"

French troops now advance upon the German lines under cover of an artificial fog, which is the latest development of camouflage on the western front. This is not a new device to the United States, though we have never employed it in military warfare. In political battling, however, we are very familiar with it. The last time it was successfully used was in 1916, when "he kept us out of war" enveloped the victorious maneuvering of the Democratic party.

Unless the amateur gardener has done his work himself without hiring help he has probably gained little financially even in these times of high prices, but the public generally has gained by the increased stock of food. The estimated value of this season's produce of back yards and vacant lots is placed at no less a figure than \$350,000,000—a response to the President's appeal that was well worth while.

Probably the new army camps in the South will attract almost as many tourists next winter as the league baseball training grounds.

I was in a very nervous condition, with headaches and pain a good deal of the time so I was unfit to do my work. A friend asked me to try Lydia E. Pinkham's Vegetable Compound, which I did, and it has helped me in every way. I am not nearly so nervous, no headache or pain. I must say that Lydia E. North Haven, Conn.—"When I was 45 I had the Change of Life which is a trouble all women have. At first it didn't bother me but after a while I got bearing down pains. I called in doctors who told me to try different things but they did not cure my pains. One day my husband came home and said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound and Sanative Wash?' Well, I got them and took about 10 bottles of Vegetable Compound and could feel myself regaining my health. I also used Lydia E. Pinkham's Sanative Wash and it has done me a great deal of good. Any one coming to my house who suffers from female troubles or Change of Life, I tell them to take the Pinkham remedies. ## REMOVE THOSE STAINS

Government Tells How to Remove Spots From Garments and Fabrics.

Washington, D. C., October 8.—To give clothes a longer period of service, and to conserve garments and fabrics which may appear to be hopelessly stained, is the object of a new publication just issued by the United States Department of Agriculture.

Lady Macbeth might have had less trouble with that spot if she could have read this bulletin on "The Removal of Stains from Clothing and Other Textiles." Uncle Sam says that if the housewife knows the cause of a stain, she can find a commonsense way to get rid of it by following the directions given in this bulletin. Methods are outlined for the removal of practically any kind of stain, from "acids" all the way through the alphabet to "whitewash." They have been tested by the home economics experts of the department.

One of the first requisites in removing stains, says the bulletin, is to know the kind of fabric which is spotted and, if possible, the nature of the stain. Some stain removers which will give admirable results on cotton or linen may, if applied to woolen or silk, remove pieces of the fabric as well as the stain. Likewise, stain removers which are entirely satisfactory for cleaning silk or woolen materials cannot always be used for removing stains from vegetable fibres, such as cotton or linen. Similarly, treatment which will remove some stains immediately will cause those of a different nature to take firmer hold on the fabric.

The second cardinal principle in spot removal is to work while the stain is fresh. Cold or lukewarm water is usually the housewife's best bet for a first step, the bulletin indicates.

## TO AILING WOMEN

A Little Sound Advice Will Help Many a Sufferer in Maysville

No woman should consider herself healthy and well if the kidneys are weak. Poisons that pass off when the kidneys are well, are retained in the body when the kidneys are disordered. If the kidneys and bladder become inflamed and swollen worse troubles may quickly follow. This is often the cause of bearing-down pains, lameness, backache, etc. Uric poisoning is also frequent cause of headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills, a remedy that has proven effective in thousands of such cases. Let a Maysville woman tell of her experience.

Mrs. J. C. Hays, 493 W. Second St., Maysville, says: "About six years ago, I suffered from a severe attack of kidney trouble. My back first became lame and ached dreadfully. Pains shot through it clear up to my shoulder blades. My kidneys were irregular in action, too. A few boxes of Doan's Kidney Pills, which I got at the Chenoweth Drug Co., helped me a great deal. My kidneys became normal and the pains left my back. I have used Doan's Kidney Pills for a similar attack since and they have proven satisfactory."

Mrs. Hays is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Hays had—the remedy backed by home testimony. 60c all drug stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back Is Lame—Remember the Name."

If the nature of the stain is not known and if the fabric is not injured by water. Hot water should not be used until it is determined that the staining material is such that it will not be "set" by heat. Stains from meat juice, blood, egg, milk, and other materials containing protein are set by hot water.

If stains are of such a nature that they will not yield to laundering or sponging with water or with water and soap, it is necessary to use one or more of a number of chemicals. Besides water and soap the bulletin names as the substance most useful in removing stains, Javelle water, potassium permanganate solution, oxalic acid solution, ammonia water, carbon tetrachloride, French chalk, and cream of tartar, each of which may be used successfully, provided the right one is used at the right time. Detailed instructions for treating various stains are contained in the publication. Copies of the publication.

## EASTERN TEAMS CONSISTENT PENANT WINNERS

Chicago, October 10.—When the Chicago White Sox copped the American league championship this season, they broke up the pennant-winning monopoly long enjoyed by the Eastern clubs. That is to say, they broke up the monopoly so far as the American league is concerned. In the National league the same old championship trust is still doing business on the Atlantic seaboard. Why the big leaguers of the East have triumphed so often over their Western brothers in the race for the flag is a matter of difficulty to explain.

Surely, there are as many star players pastimeing with the Western teams as there are with the Eastern outfits. As a matter of fact, the individual records show that top-notchers in every department of the game are more numerous among Western teams.

And in the matter of management, also, the Western teams appear to be on a par with the teams at the Eastern end of the circuits.

Still, the fact remains that the major leaguers of the West are far behind the Eastern pastimers in the winning of championships.

Since 1876, the first season of the National league, there have been 42 pennants won on the old circuit. Of this number the Eastern clubs have won 27 and the Western clubs 15. No Western club has won a National league pennant since 1919, in which year the Chicago Cubs breezed home a winner under the leadership of Frank Chance.

From 1910 to the present time, the New York Giants have won four pennants, while the Boston Braves, the Phillies and the Brooklyn Dodgers have in turn copped one flag each.

In the West, Chicago and Pittsburgh are the only pennant winners in the National league, St. Louis and Cincinnati never having won the honor. Chicago was the home of pennants in the early days of the old league, the original White Sox having won six championships in the first ten years of the parent circuit. This string of pennants, with the addition of the four won in later years, gives Chicago the edge in the way of championships.

The number of pennants won by cities comprising the National league circuit, past and present, includes the following: Chicago, 10; Boston, 9; New York, 8; Brooklyn, 4; Pittsburgh, 4; Baltimore, 3; Providence, 2; Detroit, 1; Philadelphia, 1.

Of the pennant-winning managers now in the National league, McGraw of the Giants leads the list with six championships to his credit. Stallings of the Braves, Moran of the Phillies, and Robinson of the Dodgers have one pennant each.

In the American league it is pretty much of the same story. The Eastern teams have shown the way in a majority of the races for the bunting. Eighteen championship races have been staged since the American league was organized. Of this number the Eastern clubs have won eleven pennants and the Western clubs seven.

Until the White Sox grabbed the honor this season no Western team had finished at the top since 1899, when the Detroit Tigers brought home the bacon.

Philadelphia tops the list of American league pennant winners, the Athletics having won six championships. Next in order come Boston with five, Chicago with four, and Detroit with three.

Among present American league managers who have won pennants, the West has it on the East three to two. Connie Mack of the Athletics, Clark Griffith of Washington, Hugh Jennings of Detroit, Clarence Rowland of the White Sox and Fielder Jones of the Browns are the champion pilots. Griffith and Jones both won pennants while managing the White Sox.

Of the combined total of 60 American and National league pennants Eastern teams have won 38 to 22 for the Western teams.

## FUNERAL OF MRS. DICKEY

Held Sunday Afternoon in Bourbon County—Was Wife of New Pastor of Second M. E. Church, South.

Paris, Ky., October 8.—The funeral of Mrs. Ida Phillips Dickey was held at the Methodist Chapel at Hutchison, Sunday afternoon, and was attended by many of the friends of this noble Christian woman and her husband, the Rev. J. J. Dickey, who has been pastor of the church at Hutchison for four years. Both have been closely identified with the religious and ethical interests of the community for that period of time.

The body was borne from the parsonage to the chapel where the services were conducted by the Rev. E. G. B. Mann, of Lexington, assisted by several other ministers. Professors C. C. Fisher, president of the Millersburg College, made the opening prayer, and the Scripture lessons were read by the Rev. W. S. Vanderpool, of Lexington, and the Rev. J. W. Gardner, of Millersburg.

Dr. Mann selected the XXXI chapter of Proverbs as the basis of his sermon, the 29, 30 and 31 verses being particularly suitable in describing the character of the good woman whose memory was being honored: "Many daughters have done virtuously, but thou excellest them all."

"Favor is deceitful, and beauty is vain, but a woman that feareth the Lord, she shall be praised."

"Give her of the fruit of her hands, and let her own works praise her in the gates."

The Rev. G. R. Combs, of Paris, followed the sermon with prayer, and the benediction was pronounced by the Rev. E. E. Jackson, of Hutchison. A number of persons from Oxford church, in Scott county, where Mrs. Dickey preaches and where Mrs. Dickey was much loved, were present and brought a beautiful floral offering. The congregation at Hutchison also sent a lovely floral tribute, as did as many other friends.

Among those from a distance who attended the funeral were: Mr. and Mrs. J. H. Dickey, of Lexington, Mr. and Mrs. Ira Pyles, Louisville; J. L. Guy, Shelbyville; J. L. Hanks and family and Mrs. Wood Dickerson, of Lexington; Rev. C. F. Humphrey and wife, of Moorefield. Mrs. Dickey was for five years president and for five years the corresponding secretary of the Woman's Home Missionary Society of the Methodist Kentucky Conference, and was also a Deaconess; she is prominently mentioned in the book "Who's Who of the American Women," and was the financial agent in founding the Deaconess Home at Peoria, Ill., was prominent in the work of the State Federation of Clubs, and was active in every department of church work.

The body was taken to Flemingsburg, the former home of Mrs. Dickey, Monday morning, accompanied by her husband, her sister, Mrs. Mary Fleming, J. W. Case, Mr. and Mrs. George Jacoby, George Boaz, Dr. E. G. B. Mann, the Rev. J. D. Redd, Prof. C. C. Fisher, of Millersburg and others.

## COLUMBUS DAY

Banks and Schools To Close, It Being a Legal Holiday—Knights of Intrepid Voyager to Entertain.

Next Friday, October 12, will be a legal holiday. It is Columbus Day, so named and so celebrated in honor of the intrepid voyager who discovered America, and the date is the anniversary of the day upon which Christopher Columbus set foot upon this great land toward which are turned the faces of the nations of the earth, who would not be ground under the heel of Prussianism.

The day will be observed throughout Kentucky as other legal holidays are observed, and in some communities there will be public celebrations of the anniversary of the great occasion. Here the schools and banks will be closed, but in so far as has been announced, the only gathering for observance will be of the members of Council No. 1377, Knights of Columbus, who will entertain at their home on Market street.

Section 2089d of the Kentucky Statutes reads: "The twelfth day of October of the year 1910, and the twelfth day of October of each year thereafter is hereby declared a legal holiday, to be known as Columbus Day and the same shall be recognized, classed and treated as are other legal holidays under the laws of this State."

## CONSTRUCTION LUMBER

Used For Fuel To Keep Soldiers at Camp Taylor Warm—\$26,000 in Liberty Bonds Has Been Subscribed For By Soldier Boys.

Louisville, Ky., October 8.—Topcoats and military jerseys were much in evidence at Camp Taylor today, where chilling blasts kept every rookie wondering throughout the day how their barracks would be heated tonight. This interest was due to the fact that coal on hand was less than enough to keep a single regiment warm. Late in the day, when it was determined that more coal would not arrive before tomorrow an immense reserve pile of construction lumber was ordered cut up and tonight wood fires were roaring in every unit of the cantonment.

Division headquarters tonight announced that 8,332 men of the third draft contingent had arrived. The last men of this quota were scheduled to arrive by midnight Sunday, but about 50 stragglers have not reported. The next quota will come in October 17, and its size will depend on the condition of crops and the harvest about the country. The remainder, about 12,000 men, may arrive with this contingent.

Captain H. L. Davis, O. R. C., of New Jersey, arrived today and took command of the division remount station where 11,000 horses and mules are to be kept for national army use. An addition is to be built to the camp postoffice where more than 40,000 pieces of mail are being received daily for the soldiers.

Major General Harry C. Hale, division commander, who arrived Saturday, today called upon Mayor John H. Buschmeyer and other city officials. General Hale tomorrow will make an official inspection of the Y. M. C. A. buildings in camp.

A total of \$26,000 has been subscribed to date to the liberty loan by soldiers at Camp Taylor.

## THIRD GAME OF WORLD SERIES IS POSTPONED

New York, October 9.—The third world series game between the Giants and the White Sox today was postponed on account of rain.

Announcement that the game had been called off was made by the National Commission after it had rained most of the morning. Thousands were already packed in the bleachers, shivering bravely in the rain, when word came that the contest was off.

The third game will be played here tomorrow, weather permitting, and the fourth game Thursday. The teams will remain here until two games are decided before returning to Chicago, should a fifth game be necessary.
